SISAN KARKI

SUMMARY

 I am a highly motivated IT student with a strong academic foundation in computer science and a proven track record of exceeding expectations in coursework. I possess a deep passion for technology and innovation, along with excellent problem-solving and communication skills. I am excited to join CSITAN to actively engage in collaborative projects, broaden my knowledge, and contribute to the vibrant IT community.

EXPERIENCE

ORGANIZING TECH-TRIX
2023

As a core team member and organizer of TechTrix , I gained valuable experience in teamwork, leadership, and event management. Responsibilities included:

- Collaborating with team members to plan and execute the event, including logistics, scheduling, and marketing.
- Learning to adapt and thrive in a fast-paced, dynamic environment, where effective teamwork and leadership were essential to achieving our goals.
- Managing communication channels to promote the event and engage the tech community.
